EDUCATION

Master of Science in Geoinformatics

2025 - 2027

[Bharati vidyapeeth institute of
environment education and research, Pune](#)

Bachelor of Arts in Geography

2022 - 2025

[C. K T. ACS College, New Panvel
\(Autonomous\)](#)
Mumbai University

SKILLS

Technical Skills:

- Cartography and Map Design
- Research & Data Interpretation
- Spatial Data Visualization

Soft Skills:

- Analytical Thinking & Problem Solving
- Attention to Details
- Project Coordination & Adaptability
- Time Management

TANU PAWAR

PROFILE

I am an M.Sc. Geoinformatics student with a strong interest in Geographic Information Systems (GIS), Remote Sensing, and Spatial Data Analysis. Through academic research, fieldwork, and industry exposure, I have developed practical experience in geospatial technologies for environmental monitoring, urban analysis, and decision support. My goal is to leverage geospatial intelligence to address real-world challenges and contribute to sustainable development.

MAJOR PROJECTS

Tree Tagging & GIS Inventory

- Mapped and tagged trees using GPS and GIS techniques.
- Created a geospatial tree inventory for spatial analysis.
- Learned: GPS surveying, GIS mapping, and database management.

Risk and Vulnerability Mapping | Aadarwadi & Kondethar Village

- Developed an interactive WebGIS for village vulnerability assessment.
- Integrated thematic layers for spatial visualization and analysis.
- Learned: WebGIS development and spatial decision support.

Konkan Wetlands Story Map

- Designed an interactive Story Map showcasing the ecological importance of Konkan wetlands.
- Integrated maps, multimedia, and geospatial information for effective environmental communication.
- Learned: Digital storytelling, web-based GIS visualization, and spatial communication.

ACADEMIC STRENGTHS

- Work Experience with SOI
- Spatial Analysis & Modeling
- Remote Sensing Applications
- Geospatial Data Visualization
- Environmental GIS
- Satellite Image Processing
- GIS Database Design
- Research Methodology
- Geospatial Problem Solving
- Data Interpretation
- Decision Support Systems

EXPERIENCES

GIS Intern | Survey of India, Pune | May - June 2026

- Performed vector editing, feature extraction, and topology validation using ArcMap.
- Ensured spatial data accuracy through quality checks and error correction.
- Collaborated with professionals to support geospatial database maintenance and mapping workflows.

CERTIFICATES

- Aavishkar : Research Convention | Zonal Round | (2023)
- Basics of QGIS | (2025)
- NPTEL Swayam - Research Methodology | (2025)
- ESRI MOOC - Actions for Climate Change | (2026)
- IIMB Swayam - Project Management | (2026)
